

## Class Rowan

We are sending this pack to support you with continuing education at home if you find yourselves having to isolate.

Your pack includes a selection of things for you to work on with your child.

### 1. **Sensory story- A Farmers life for me.**

Use the online song and resources provided to work through the story.

This is a story that pupils are familiar with as we have been doing this in class.

### 2. **National trust 50 things to do.**

The national trust is opening all their gardens for free over the next months so you can get some fresh air while still isolating. Clumber park and Belton house are 2 local venues that offer great outdoor experiences with lakes and vast woodland play areas.

### 3. **Cooking** – have a go at baking some goodies as a family.

### 4. **Easter hunt**- get creative and have some fun. We have included a chocolate egg for the grand prize at the end.

### 5. **Garden scavenger hunt** – get out in the sunshine and see what you can find in your own garden.

### 6. **Sensory play ideas** – some ideas to keep you and the family calm but busy.

All of the info in this pack will be emailed out to you in due course so you can re-print or access the links from your computer.

We hope you have fun and please do keep us updated with photos and videos over email or the evidence for learning portal.

We like to be in touch with you once a week, this may be over email, skype or on the phone. If you would like to get in touch please email us at [louise.douglas@ashlea.notts.sch.uk](mailto:louise.douglas@ashlea.notts.sch.uk) or [vicky.caunt@ashlea.notts.sch.uk](mailto:vicky.caunt@ashlea.notts.sch.uk)

Louise Douglas & Vicky Skillington.
