

## Andy Warhol Pop Art

### You will Need:

- Photos in black and white
- Water Paint
- Cellophane/tissue paper
- iPad with an app for colouring over pictures

### Activity

- Choose a photo to collage. You can either do 4 photos or just 1 would be great.
- If you want a nice messy session then use water paint as this can be applied over the top of the picture whilst also seeing the original photo.
- Leave the photo to dry
- IF you want a cleaner session then cut out pieces of cellophane or tissue paper and stick these over the top.
