

Writing Task – Weekly Challenge.

This week challenge is to write a letter.

I would like you to either write a letter to me or one of your friends about what you have been doing during lockdown and how you have felt.

Make sure to start with “Dear” or “To” and end with “From”.

Remember capital letters for the start of sentences and names of people. Also remember full stops at the end of sentences.

You could also include your address in the top right corner and the date that you have written it.

If you like you can post them to school; I can make sure that everyone gets their letters.

The school address is:
