

Ice

painting

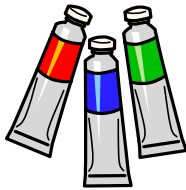

you

will need:

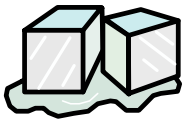

food colouring

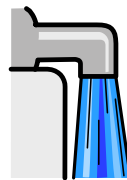

or paint

in the bottom of some

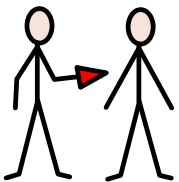

ice

cube trays and top up with

water.

You

can

put

lolly

sticks in them to

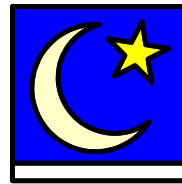

hold. Or use your fingers.

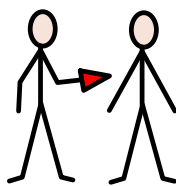

Freeze

over night

When they are frozen

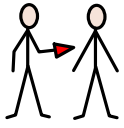

you

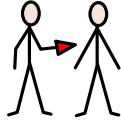

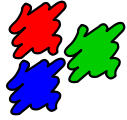

can

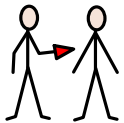

paint with them.

Can you make different marks with them?

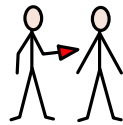

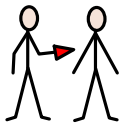

What colours can you see?

Can you paint a picture?

Do you like how it feels?

You can send us a photo of how you get on
